Introduction

The following policy has been developed in response to the DfE statutory guidance Careers Guidance and Access for Education and Training Providers May 2025.

The policy for Careers Education, Information, Advice and Guidance (CEIAG) supports and is itself underpinned by a range of key priorities and best practise including the eight Gatsby benchmarks, which were devised following a commission by the Gatsby Foundation to undertake an international survey to identify comparisons to international standards. The Gatsby Benchmarks serve as a framework for world-class careers provision and have been adopted as part of the Government's Careers strategy: making the most of everyone's skills and talents and statutory guidance for schools. The Careers & Enterprise Company supports the implementation of the Benchmarks in education with a national network of support, resources and targeted funding.

The eight Gatsby Benchmarks are:

Rationale

Careers Education, Information, Advice and Guidance (CEIAG) across George Eliot Academy provides a foundation for pupils to move not only in to further or higher education, vocational training or employment, but to the next stage of their development as citizens. We wish our pupils to move onto their 'next steps' having developed the key employability and enterprise skills which are highly valued by employers, colleges and universities.

We focus on the pupil and what is best for them. Although our universities are world-class, it is not the only choice: in many cases, a college course or apprenticeship can offer better outcomes.

George Eliot Academy is committed to providing high quality careers education and guidance as an integral part of every pupil's education. We seek to ensure that the provision is appropriate to the age, stage, ability and educational needs of every individual and is underpinned by equality of opportunity. The school is committed to providing a planned programme for all pupils in partnership with relevant eternal organisations.

By working with key stakeholders, our aim is for every child to fulfil their potential and be inspired to achieve a successful future, develop high aspirations and be ambitious. It is with this objective that our CEIAG policy has been developed. We are committed to providing a planned programme of high quality to all pupils and recognise the important role that careers education/work-related learning plays in:

- Preparing and supporting young people to enter the world of work and achieve personal and economic wellbeing throughout their lives
- Empowering young people to plan and manage their own futures

- Contributing to strategies for raising achievement, especially by increasing motivation to engage
- Raising aspirations and inspiring young people to achieve their full potential
- Developing core competencies, such as communication, resilience, team working, problem solving, critical thinking and personal management
- Promoting equality, diversity, social mobility and challenging stereotypes

Aims and Objectives

George Eliot Academy's ambition is to ensure that all pupils leave equipped with the relevant skills and knowledge required to successfully support their entry to the next stage of their development. To this end, the trust's CEIAG programme has three main aims:

- Self-development – enabling pupils to understand themselves, their strengths and the influences on them, acquiring the core competencies and skills necessary to enable them to access a range of opportunities
- Career exploration – investigation of opportunities in learning and work, understanding the changing world of work and labour market information.
- Career management – developing skills enabling them to make and adjust plans, and to manage change and transitions

The taught curriculum is supported by a comprehensive programme of organised activities. Careers guidance focuses on the specific needs of individual pupils. The Academy's aim is to provide current and relevant information, in an impartial, confidential and differentiated manner to enable each pupil to make well-informed decisions about their future
