Parent Bulletin

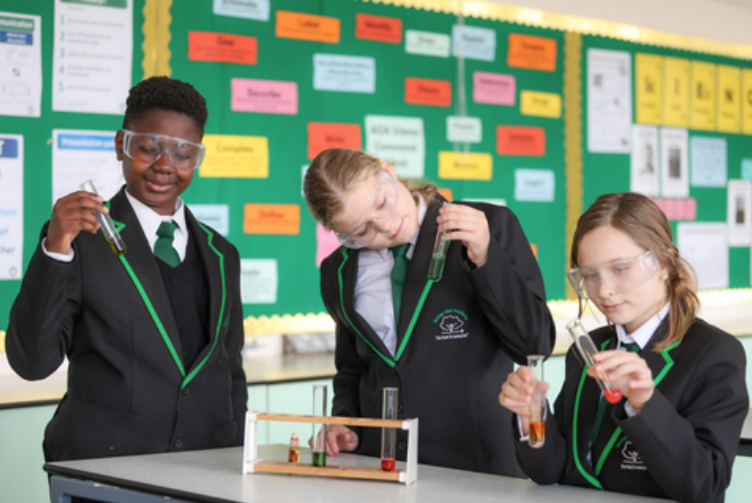

July 2026

ECOSYSTEM

An ecosystem is a geographic area where plants, animals, and other living organisms, as well as weather and landscape, work together to form a functional unit. Ecosystems contain biotic or living parts which include plants, animals, and other organisms, as well as abiotic factors, or non-living parts including rocks, temperature, and humidity.

There are two types of ecosystem: Terrestrial Ecosystem and Aquatic Ecosystem. An ecosystem can be as small as an oasis in a desert or as big as an ocean, spanning thousands of miles.

A message from our Principal

Dear Parents/Carers,

As we come to the end of another school year, I would like to take a moment to thank all our parents and carers for your continued support.

This year has certainly brought its challenges, particularly with the ongoing issues surrounding the Linford building. However, thanks to your support and the incredible resilience, positivity and adaptability shown by our pupils and staff, we are finishing the year in a strong and positive way.

Despite the challenges, our pupils have enjoyed a fantastic range of experiences, from national and international trips to our Firework Night, variety of celebrations, performances and many other memorable events throughout the year. Last week's Sports Day was a particular highlight, bringing together fun, teamwork and community spirit, whilst thankfully enjoying some wonderful weather!

We are not quite finished yet, with more excitement still to come today during our Golden Ticket Prize Draw.

Thank you for everything you do to support your children and our academy. I hope you all have a wonderful, restful summer break and look forward to welcoming everyone back in September for another exciting year at George Eliot Academy.

Kind regards

Homeira Zakary

Pupil fundraising

As part of our Character Curriculum, developing service and community virtues, pupils at George Eliot Academy recently led a series of charity fundraising events. Working together in teams, they planned and delivered activities to support important causes, showing how small actions can create a big impact.

Through this, pupils demonstrated our STAR values of Self-discipline, Tenacity, Ambition and Responsibility, alongside key virtues such as service, citizenship, volunteering and social awareness. From crisp sales and ice pole sales to darts tournaments and sweepstakes, pupils showed compassion, teamwork and leadership throughout. Our staff have also managed to raise an additional £280 with their 6km charity walk for Teenage Cancer Trust.

These opportunities help build character, strengthen our school community, and remind us of the importance of giving back.

TOGETHER, WE MADE A DIFFERENCE!

THANK YOU TO EVERYONE WHO SUPPORTED!

 SNAKES Mary Ann Evans Hospice Care and support when it matters Miss Evans crisp sale RAISED £88	 DUCKS TEENAGE CANCER TRUST Mrs Blyth ice pole sale RAISED £91	 JAGUARS CANCER RESEARCH UK Miss Halford darts tournament RAISED £57	GEORGE ELIOT STAFF Mary Ann Evans Hospice Care and support when it matters World Cup sweepstake RAISED £145

TOGETHER, WE WALKED. TOGETHER, WE RAISED AWARENESS. TOGETHER, WE MADE A DIFFERENCE.

Pupil Achieves Success with English Youth Ballet

We are incredibly proud to celebrate the achievements of Esme, who has recently been featured in the local news for her role in the English Youth Ballet's production of Swan Lake.

Esme successfully secured a place in the prestigious production after competing against almost 200 talented young dancers who auditioned for a role. Being selected for such a renowned performance is a remarkable achievement and reflects the hard work, passion and determination that Esme has shown throughout her ballet journey.

Preparing for and performing in a production of this scale requires countless hours of training, rehearsal and dedication. Esme's commitment, perseverance and enthusiasm have enabled her to perform at an exceptionally high standard, demonstrating not only her talent but also the resilience and discipline needed to succeed in the performing arts.

Her achievement is a wonderful example of what can be accomplished through hard work and determination, and she has been a fantastic ambassador for both herself and our school. We are delighted to see her talents recognised beyond the classroom and are thrilled to celebrate this success with her.

Congratulations, Esme, on this outstanding accomplishment. We look forward to seeing what you achieve next and wish you every success in your future dancing career

The talented local schoolgirl who's just won a dream role in Swan Lake

 Coventry Live / Jul 4

Year 11 Prom

Our Year 11 Prom was a fantastic evening and a fitting celebration of the end of an important chapter in our pupils' school journey. The event was filled with laughter, music and memorable moments as pupils enjoyed spending time with friends, sharing a delicious meal and dancing the night away.

There were plenty of imaginative and entertaining arrivals, with many pupils making memorable entrances that added to the excitement of the evening. Everyone looked incredible in their beautiful outfits, making the occasion feel extra special and creating a wonderful atmosphere throughout the venue.

Most importantly, the evening provided an opportunity for pupils to celebrate their achievements together, reflect on their time at school and create lasting memories with friends. We are delighted that so many pupils were able to enjoy such a special occasion and wish them every success as they move on to the next stage of their education.

Cambridge Engineering outreach day

A small group of Year 9 pupils recently had the exciting opportunity to attend the Cambridge Engineering Outreach Day, where they gained a valuable insight into the world of engineering and innovation.

During the day, pupils took part in a range of hands-on activities and challenges designed to develop their problem-solving, teamwork and creative-thinking skills. They also had the chance to learn more about the wide variety of careers available within engineering, as well as the role engineering plays in shaping the world around us.

The experience was both enjoyable and inspiring, giving pupils the opportunity to work with like-minded young people and engage with real-world engineering concepts in a university setting. They represented the school brilliantly throughout the day, demonstrating enthusiasm, curiosity and a willingness to embrace new challenges.

We are grateful for the opportunity and hope the experience has inspired some of our pupils to consider future pathways in engineering, science and technology.

Part of United Learning

The Best in Everyone Awards

George Eliot Academy national winner across all United Learning Schools – Science

George has demonstrated sustained commitment to STEM, attending STEM Club throughout Years 7 and 8 and now volunteering as a STEM Ambassador, where he supports the running of the club.

Additionally, George applied to become a STEM Careers Ambassador. In this role, he actively contributes to embedding careers within the curriculum, supports whole-school STEM events such as British Science Week, and confidently represents STEM at open evenings and other school events.

He further extends his learning and love of STEM through regular participation in the Academy's Coding Club. Academically, George consistently performs at an exceptional level in Science, ranking within the top four Pupils in his year group. His outcomes reflect not only high attainment but also deep conceptual understanding and academic maturity beyond his peers.

George demonstrates knowledge well beyond the constraints of the curriculum, independently reading and investigating areas of personal interest, particularly coding and engineering. He proactively researches future career pathways and engages with opportunities that broaden his understanding of STEM professions.

In practical and investigative work, George shows precision, resilience, and intellectual independence. He approaches challenges methodically, evaluates evidence critically, and seeks to refine his thinking, embodying the qualities of an outstanding young scientist.

Above all, George's intellectual curiosity and ambition set him apart. His passion for discovery, commitment to excellence, and proactive engagement in both academic and extracurricular STEM activities clearly demonstrate a pupil operating well beyond expected standards.

The Best in Everyone Awards

George Eliot Academy nominated these pupils for United Learning Best In Everyone Awards. These pupils aim for excellence and are celebrated in our end of year Achievement Assemblies.

Responsibility

Warwick Castle Trip

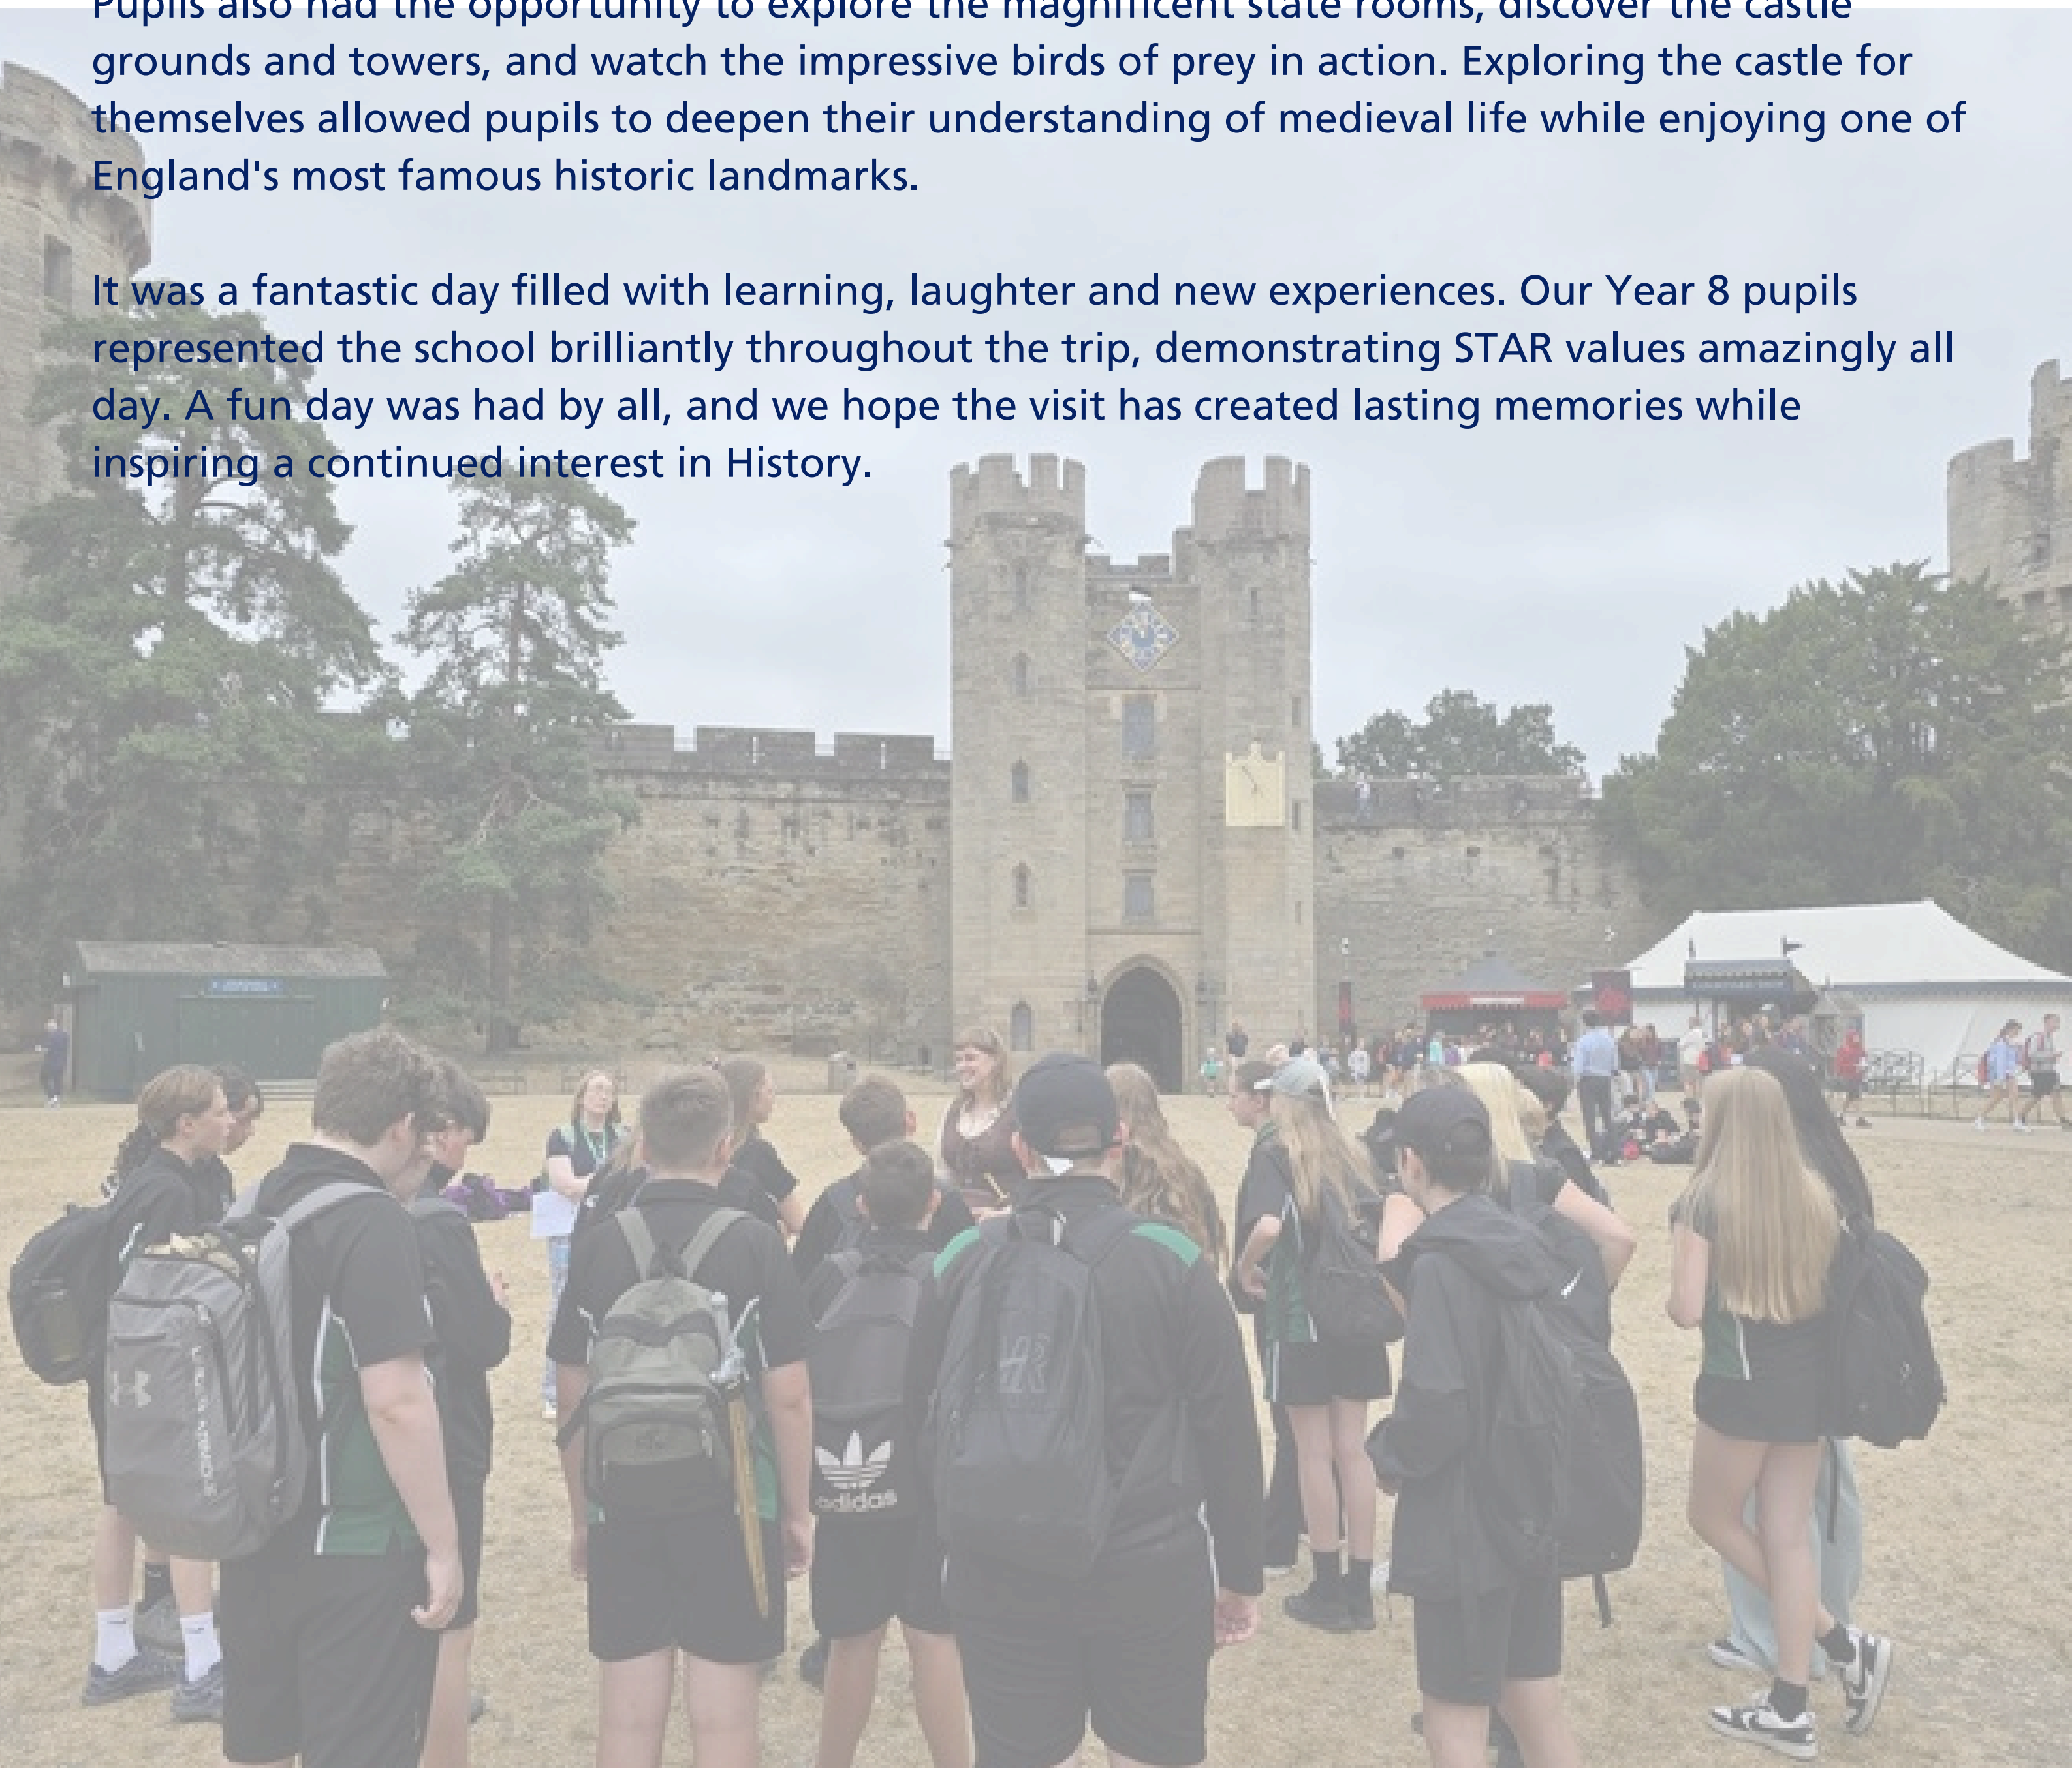

On Monday 13th July, 100 of our Year 8 pupils enjoyed an exciting and educational visit to Warwick Castle, bringing their History learning to life beyond the classroom.

During the visit, pupils took part in an engaging talk exploring the rich history of the castle, learning about its role in Medieval England and the people who lived, worked and fought there over the centuries.

One of the highlights of the day was a visit to the Warwick Castle Dungeons. With live actors, dramatic special effects and plenty of scares along the way, pupils showed great bravery as they experienced the castle's darker history in an unforgettable and immersive way.

Pupils also had the opportunity to explore the magnificent state rooms, discover the castle grounds and towers, and watch the impressive birds of prey in action. Exploring the castle for themselves allowed pupils to deepen their understanding of medieval life while enjoying one of England's most famous historic landmarks.

It was a fantastic day filled with learning, laughter and new experiences. Our Year 8 pupils represented the school brilliantly throughout the trip, demonstrating STAR values amazingly all day. A fun day was had by all, and we hope the visit has created lasting memories while inspiring a continued interest in History.

Nuneaton Youth Parliament

As another successful year of the Nuneaton Youth Parliament comes to an end, we would like to celebrate the fantastic contribution made by our pupils, who have represented George Eliot Academy with confidence, maturity and enthusiasm throughout the programme.

Over the past year, our representatives have worked alongside pupils from schools and colleges across Nuneaton, discussing issues that matter most to young people and helping to ensure that youth voices are heard. They have enjoyed meeting a range of influential figures, including Jodie Gosling MP and representatives from the local police force, gaining a valuable insight into how local decisions are made and how they can make a positive difference within their community.

During the programme, pupils debated a variety of important topics, including improving safety on public transport, creating better spaces and opportunities for young people in Nuneaton, the impact of social media on young people, and the growing role of artificial intelligence in everyday life. They spoke thoughtfully, listened respectfully to the views of others and demonstrated excellent teamwork while working collaboratively with their peers from across the town.

The experience has not only developed pupils' confidence, leadership and communication skills, but has also encouraged them to become active citizens who understand the importance of having their voices heard. Beyond the knowledge and experiences gained, the programme has helped to shape pupils' character by developing their empathy, respect for others' viewpoints and a greater sense of responsibility for the community around them.

We are incredibly proud of everything they have achieved and the way they have consistently shown George Eliot Academy's STAR Values throughout the year. We hope to see more of our pupils' become members of Youth Parliament in the future!

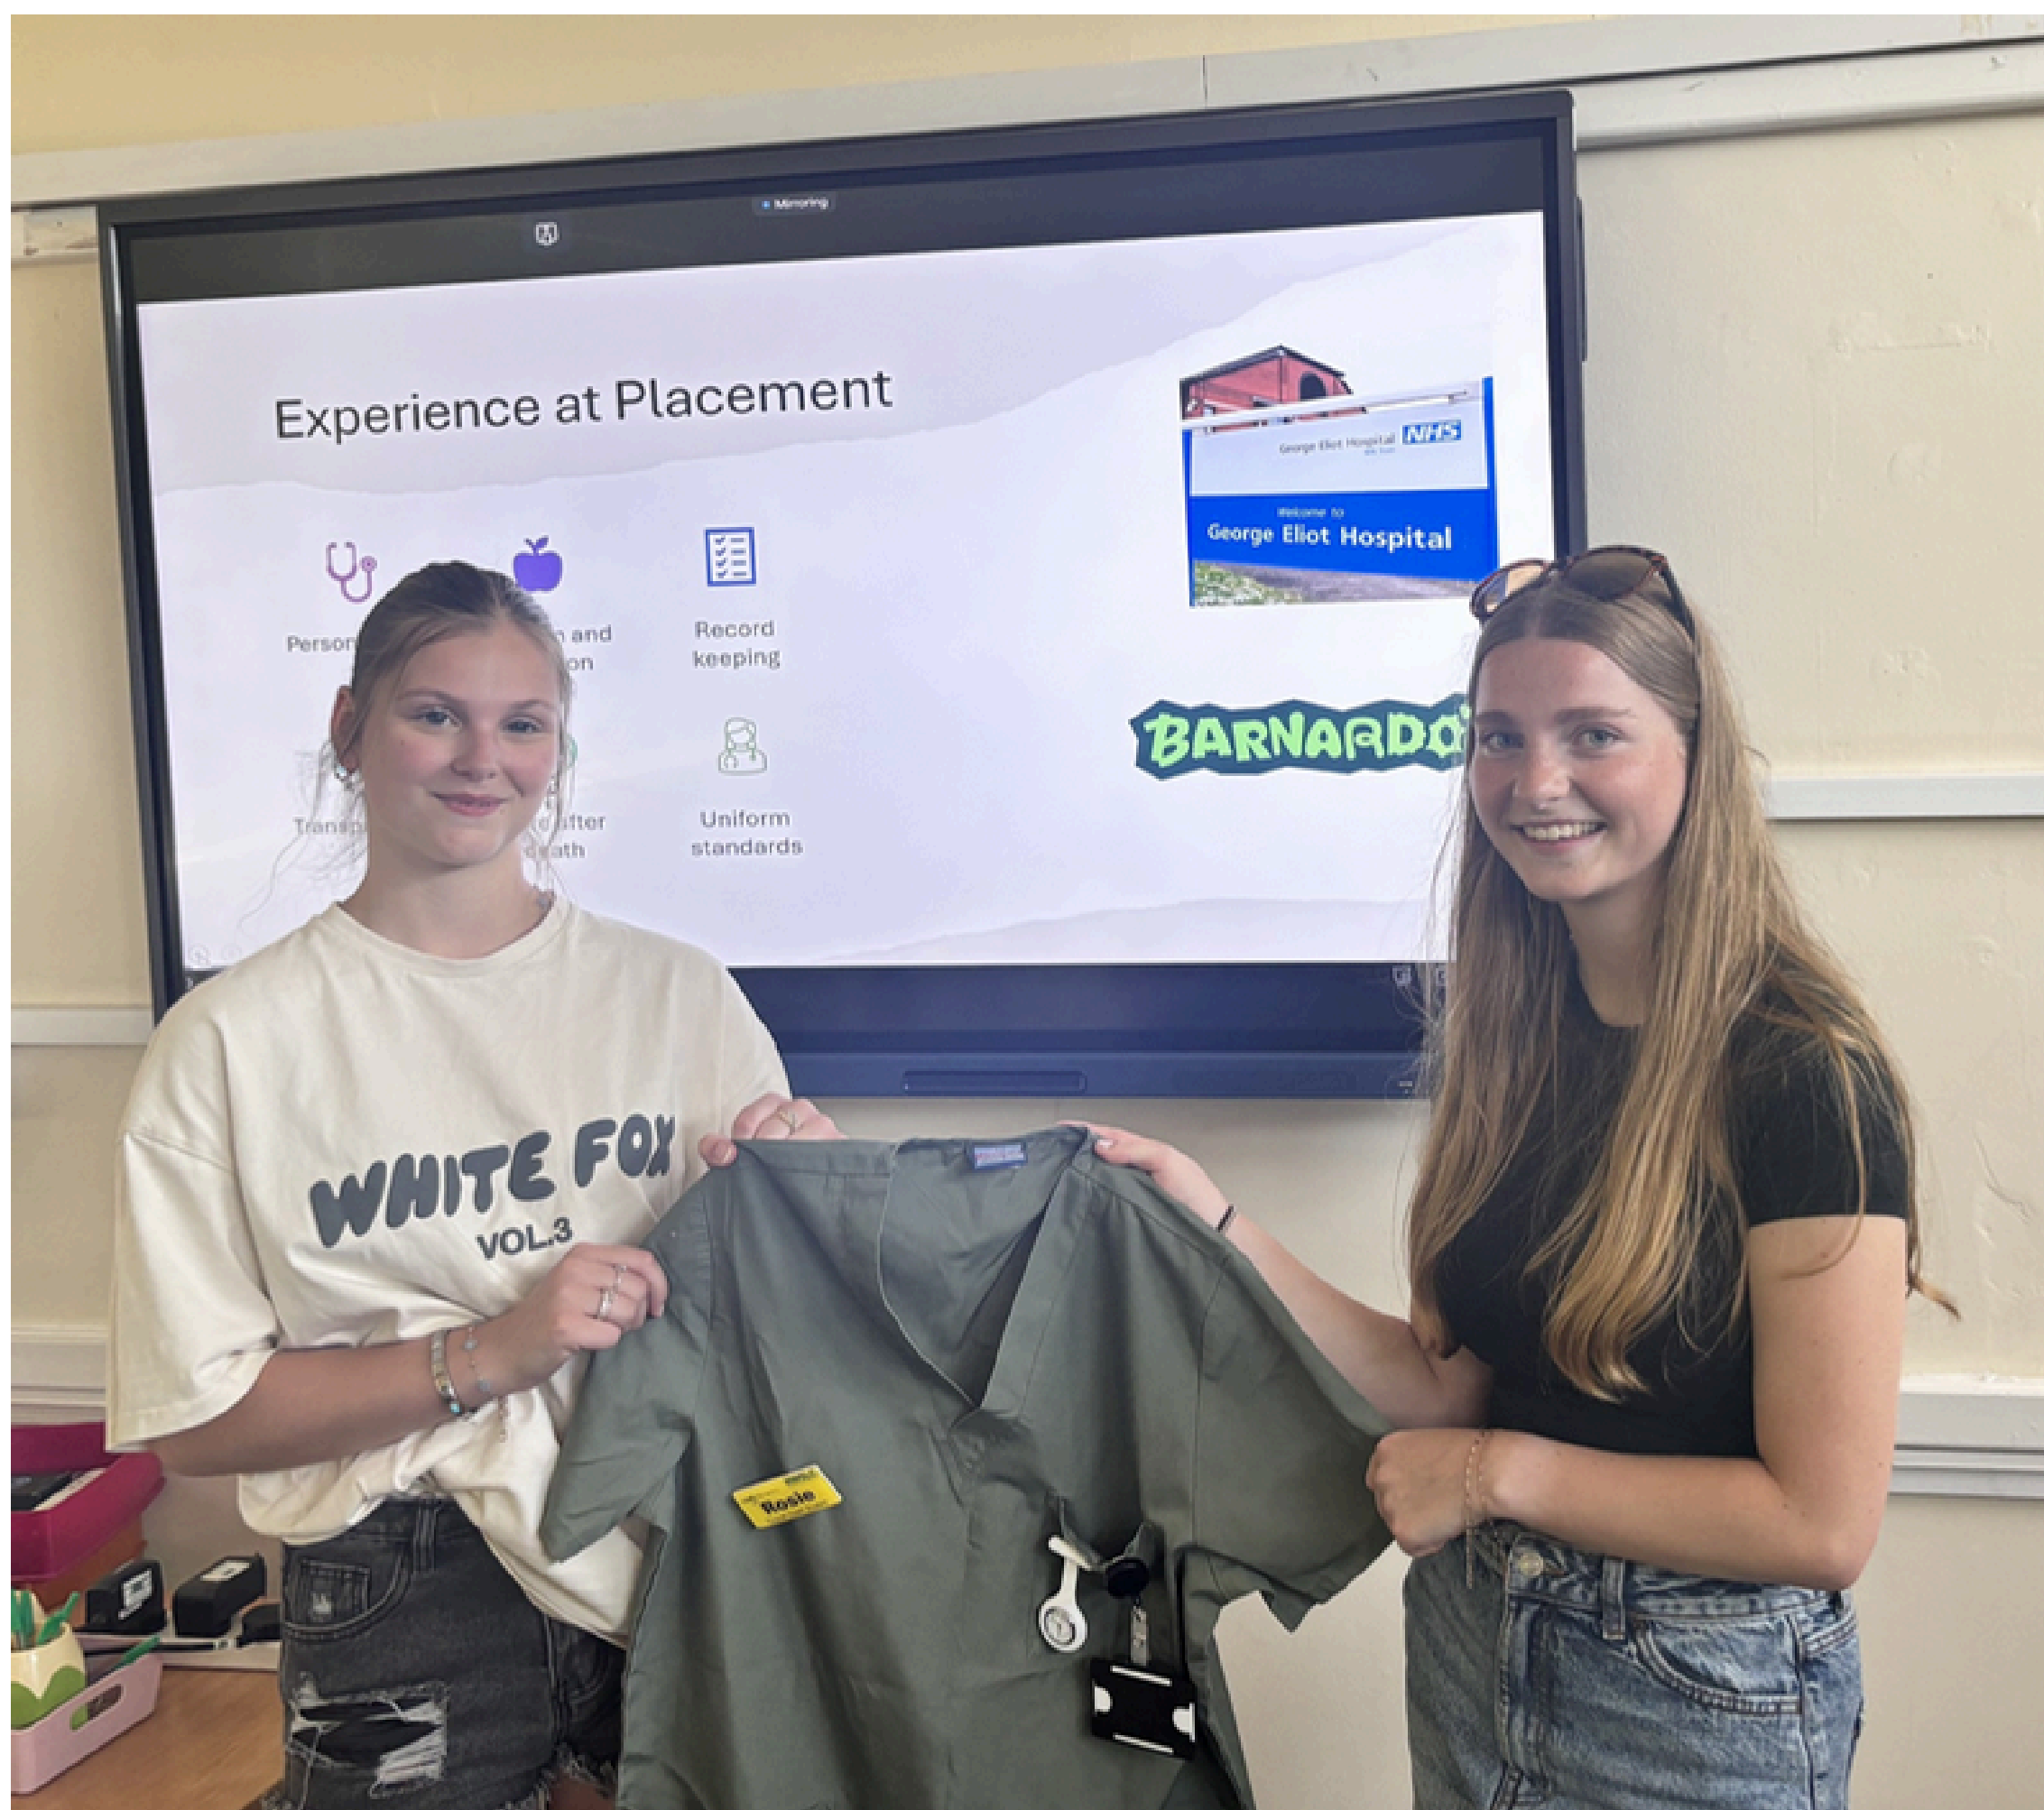

George Eliot Academy Alumni

The Health and Social Care Department were delighted to welcome back two former George Eliot Academy pupils, Rosie and Amelia, who generously gave up their own time to speak with our current Year 10 pupils about studying T-Level Health.

During the session, Rosie and Amelia shared their experiences of college life, providing valuable insight into what it is really like to study a T-Level. They spoke about the range of opportunities available through their industry placements, the skills they have developed, and how these experiences have helped prepare them for their future careers in the health sector.

They also discussed why they chose the T-Level route over other post-16 options, highlighting the benefits of combining classroom learning with practical, real-world experience. Their honest and engaging presentation gave pupils a clear understanding of the qualification and the exciting pathways it can lead to.

A special thank you to Rosie and Amelia for returning to George Eliot Academy and sharing their knowledge and experiences. Their support was greatly appreciated, and they provided an inspiring glimpse into the opportunities available through T-Level Health.

Lloyds tour of Britain Women

We are excited to let you know that the Lloyds Tour of Britain Women is returning to Warwickshire on **Sunday 23 August 2026**, bringing some of the world's top cyclists to our county for the final stage of Britain's biggest professional women's cycle race.

The stage will start and finish in Leamington Spa, with cyclists travelling through the towns, villages and countryside of the surrounding area before returning for what promises to be a thrilling finale. As the final stage of the race, Warwickshire will also host the overall finish of the 2026 Lloyds Tour of Britain Women, with the overall race winner crowned here in the county.

To watch in person check the route, timings, and road closures in advance at:
<https://www.britishcycling.org.uk/tourofbritain>

You can stream the races straight from their YouTube channel
at www.youtube.com/@tour.of.britain.

For more information about the race, including route announcements, community activities and event updates, please visit: warwickshire.gov.uk/cycletour

Celebrating Gold Standard Character

We are delighted to announce that our Gold Standard Awards now extend beyond work and attendance to include Gold Standard Character.

Each week, pupils who demonstrate outstanding character are recognised in assemblies for embodying our school values through their actions, attitude and contribution to the wider community. These pupils will also be entered into a prize draw at the end of each term.

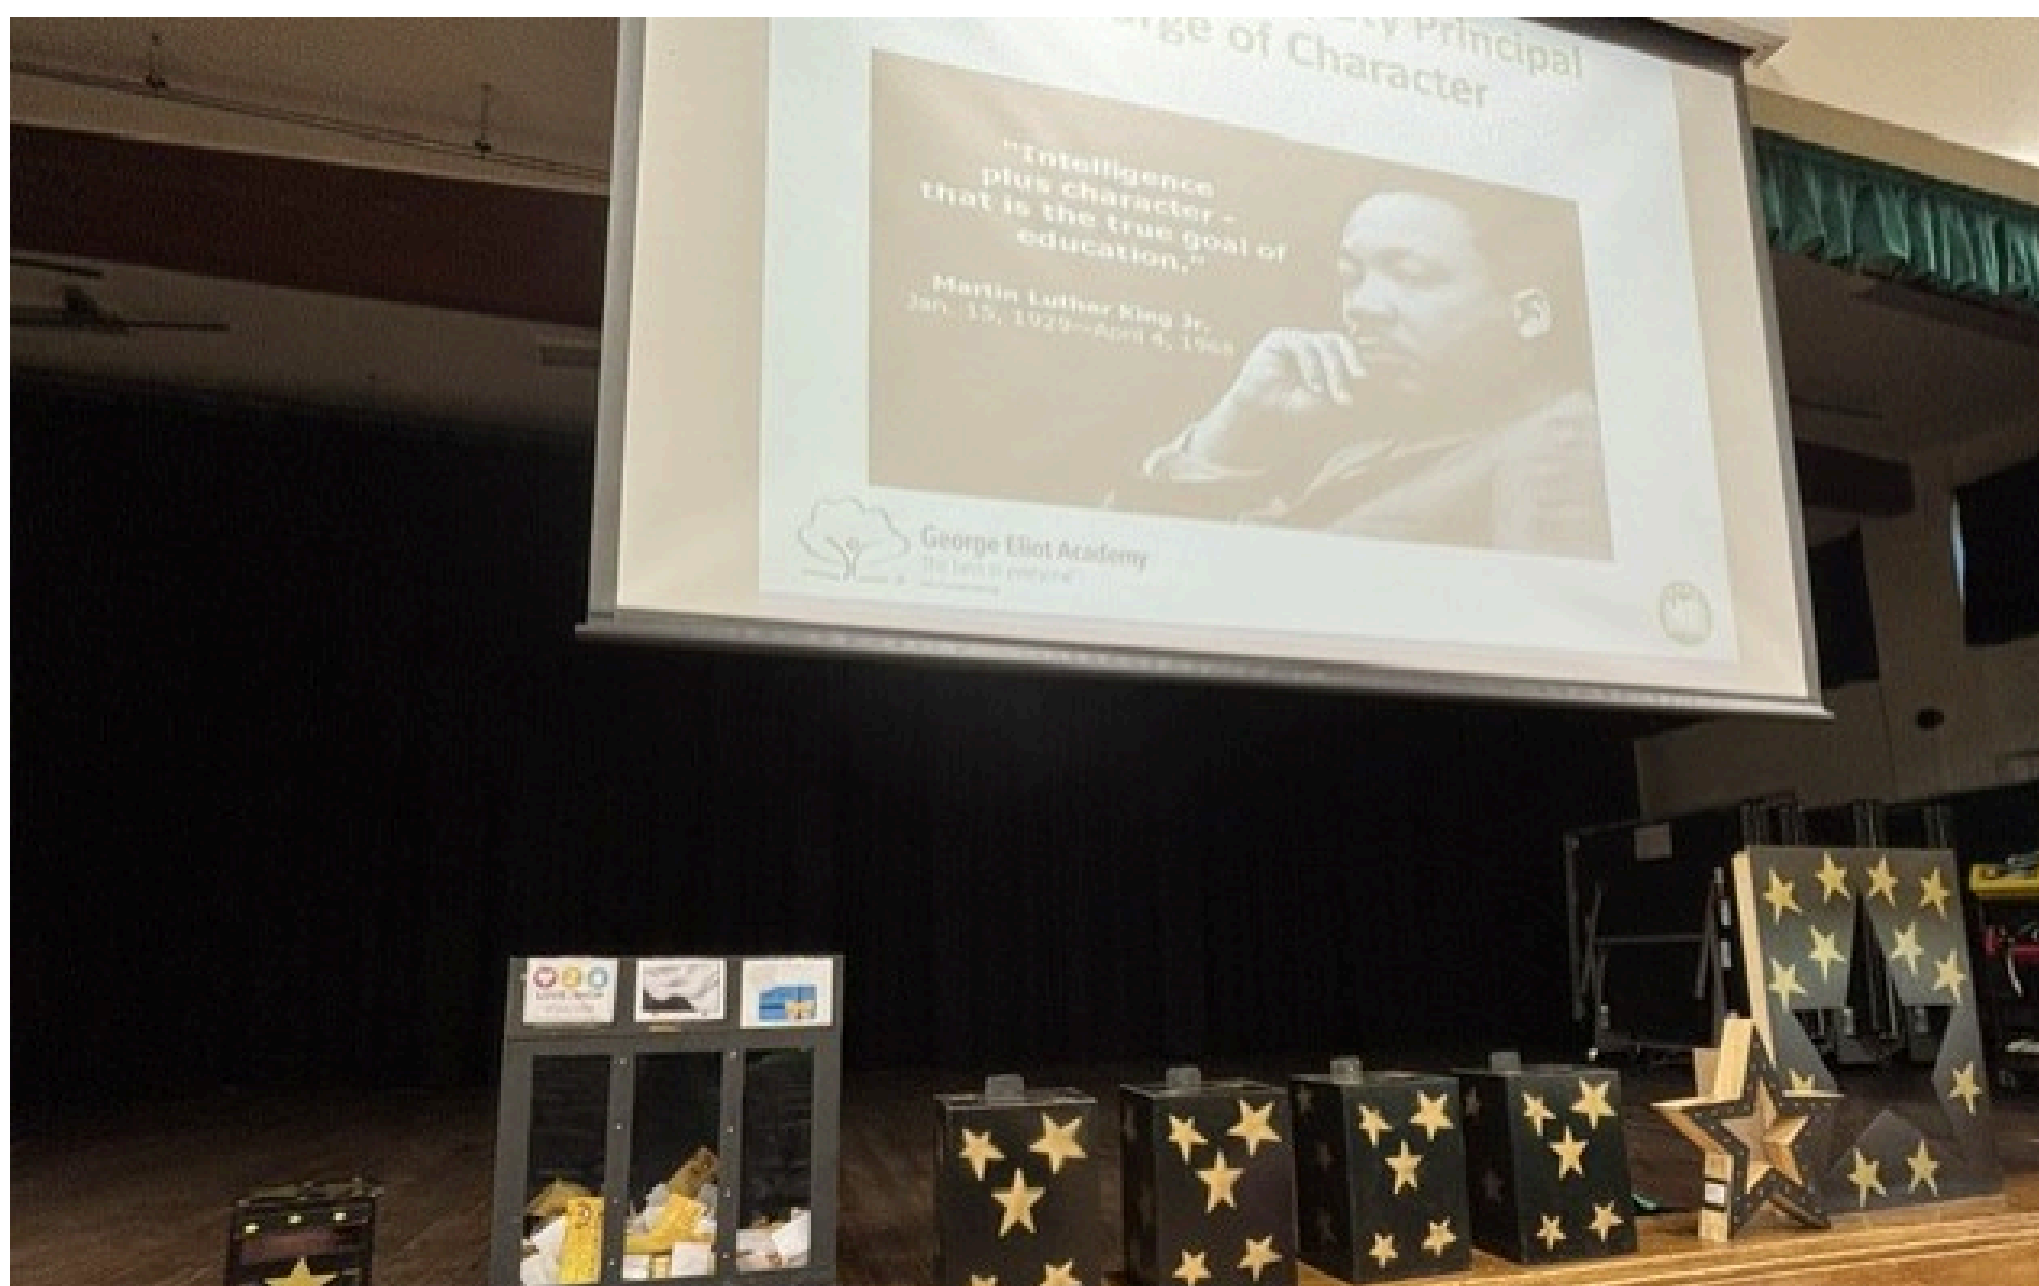

This week, we have celebrated:

- A Year 7 pupil who won an international competition, demonstrating exceptional hard work and determination.
- Two Year 10 pupils who gave up their breaktimes to support charity fundraising activities in school, showing kindness, generosity and community spirit.

We believe that character matters just as much as academic success, which is why we now recognise excellence through:

- Gold Standard for Work
- Gold Standard for Attendance
- Gold Standard for Character

A copy of the letter shared with parents can be found on the website. If you know of a pupil who has done something truly outstanding in our school or local community, please let us know; we are always keen to celebrate and recognise the achievements and positive actions of our pupils.

Sleep

Our bodies need sleep and rest to help us function every day. When we are sleeping, it gives our brain and body time to repair and regenerate, re-energise and improve our motivation. We also need sleep to be able to process information, problem solve, learn new things and concentrate (you might notice you find it particularly difficult to focus at school after a bad night's sleep!) Sleep also benefits our mental wellbeing, by helping us to regulate our emotions and mood.

It is important to find time for our brain to completely 'switch off' and rest, to take some time out of our busy day to stop, take a break and do something that promotes our wellbeing!

Our tips for improving sleep:

1. **Maintain a regular sleep schedule** – this includes going to bed around the same time every night, as well as waking up at a similar time every morning (even on weekends!) Sleeping in later than normal can disrupt the body's circadian rhythm, which can lead to more tiredness.
2. **Create a calming environment** - dim the lights an hour before bed. Keep the room dark, if possible, try using an eye mask or black out blinds. A cool bedroom and slight drop in body temperature can help us to go to sleep.
3. **Reduce electronics** – using electrical devices before bedtime is one of the main reasons we have sleep difficulties. The light exposure on the screens can trick our brain into thinking it is still daytime, which stops our body from being able to wind down and feel tired! Turn devices on night mode or leave outside your bedroom to limit temptation.
4. **Minimise daytime naps** – napping during the day can make it harder to fall asleep at night, they also break up sleep (which means lower quality sleep and fewer benefits).
5. **Complete homework after school** – getting stuck into homework tasks before bed can delay tiredness, as our brains are busy trying to concentrate! Try to do activities that relax you before bed, to help you switch off from schoolwork.
6. **Spend time relaxing** – you may want to have a shower or run a warm bath, listen to calming music, read a book, journal or keep a diary from the day, stretch, meditate, or spend time with a pet.
7. Scan the QR code for more helpful information and **sleep tips!**

In Coventry and Warwickshire, for any urgent mental health concerns, contact the RISE Crisis Helpline available 24/7, by calling NHS 111. Alternatively, call 999 or visit A&E in an emergency, for example if medical attention is required.

MHST are available to support you and your school throughout the school year including term time and school holidays.

Please contact your school's Mental Health Lead for information and advice.

George Eliot Academy PTA Annual General Meeting (AGM)

You're Invited!

The George Eliot Academy PTA would like to invite all parents and carers to attend our Annual General Meeting (AGM).

Date: Wednesday 16th September 🕒 **Time: 5:00pm – 6:00pm** 📍 **Venue: George Eliot Academy**

The AGM is a great opportunity to hear about what the PTA has achieved over the past year, find out about our plans for the future, and help shape the exciting events and fundraising activities that benefit our school community.

Committee Positions Available

As part of the AGM, all committee positions will be open for election. Nominations and voting will take place during the meeting.

Chair The Chair leads the PTA, helps organise meetings, supports the committee, and works closely with the school to guide fundraising and community events.

Treasurer The Treasurer manages the PTA's finances, keeps accurate records of income and expenditure, and provides financial updates to the committee.

Secretary The Secretary organises meetings, takes minutes, manages communications, and helps keep the PTA running smoothly behind the scenes.

No previous experience is necessary—support and guidance will be available for anyone taking on a role.

New Committee Members Wanted

We're always looking for enthusiastic parents and carers to join our committee. Whether you can help regularly, occasionally, or simply offer your support when you have a little spare time, we would love to hear from you. Every contribution, big or small, helps make a difference for our pupils.

If you'd like to find out more before the AGM, or if you are interested in joining the committee, please contact Lorraine at: ptaGeorgeEliotAcademy@georgeeliotacademy.org.uk

We hope to see as many parents and carers as possible on Wednesday 16th September.

Together, we can continue to make George Eliot Academy an even better place for our pupils.

PTA Request for Pre-Loved Uniform Donations

As we prepare for the new school year, our PTA is once again asking for support with donations of pre-loved school uniform. If your child has recently outgrown any school uniform items, we would be very grateful if you would consider donating them to help other families within our school community.

We are particularly looking for:

- Blazers
- Skirts
- PE kit
- School shoes
- Ties

By donating good-quality uniform items, you can help make school uniform more affordable and accessible for families, while also supporting a more sustainable approach by giving items a second life. Every donation, no matter how small, can make a real difference.

Donations can be dropped off at Reception at any time during the school day and will be greatly appreciated by the PTA and the families who benefit from the scheme.

Thank you for your continued support and generosity. Together, we can help ensure that every pupil has access to the uniform they need while strengthening the sense of community that makes our school such a special place.

Pupil Sponsorship

Help Alfie Represent Great Britain
Sponsorship Target: £2,000

Link: [CLICK HERE](#)

My name is Alfie, I am 15 years old and I am seeking sponsorship to help me continue pursuing my dream of playing hockey at the highest level.

I have recently been selected for the U17 Junior Men's Great Britain Roller Hockey Team to compete in Waterford, Ireland this August. This is an incredible honour, but the trip is completely self-funded, meaning my parents and family are responsible for all costs.

I am looking to raise £2,000 to help cover kit, tournament fees, flights, accommodation and travel. I have also been selected to travel to Irvine, California and Italy this summer with two selected teams, with these opportunities also fully self-funded.

I currently play ice hockey for the Solihull Junior Barons U16s and U19s and roller hockey for the PGKA Mooseheads U16s, U21s and Senior teams. My long-term ambition is to move abroad and play competitive hockey professionally.

Any contribution, no matter the size, would make a huge difference. Thank you!

GEORGE ELIOT ACADEMY PTA FIREWORK EVENT 2026

Get ready for an evening of spectacular fireworks, fantastic entertainment and family fun as George Eliot Academy PTA invites our whole local community to our annual Firework Event!

Wednesday 4th November 2026

Holiday Activities & Food (HAF)

Dear Parent/Carer,

The DfE-funded HAF (Holiday Activities & Food) programme provides young people the opportunity to access enriching activities alongside healthy meals over the **main school holidays at Easter, Summer and Christmas**.

Please note that this programme is entirely separate from the Local Welfare Scheme's household support funding (i.e. supermarket HUGGG vouchers).

All young people who currently meet the following two criteria are eligible:

- In full-time education between Reception - Year 11
- Receiving benefits-related free school meals

Each eligible young person can access a maximum of **16 sessions** over the Summer holidays. Families have the flexibility to book with multiple activity providers if desired. All activity providers can request additional funding for 1:1 support if this is required, however this will depend on their staff availability and qualifications. We also fund a number of SEND-specific activities.

Please note you will need a HAF code to book activities. **Eligible families can access their HAF code through the 'Request a HAF code' form at www.warwickshire.gov.uk/haf.**

Summer activity listings will be live on our site from **Monday the 22nd of June** so that you can book. Activities will then begin from **Monday 20th July**.

With our regards,
Warwickshire HAF Team
